Testimonials

How clients evaluate Global Leadership Development with Dr Hans-Jörg Keller

Training program 'Intercultural Awareness', Ball Packaging Europe, Bonn; Integration of locations in Europe

"It was one of the best courses I have ever attended in my 22 yrs. of service with the company. The content and relevance of the course material was spot on! The enthusiasm and knowledge of the instructor, Jörg, was second to none. It was also an excellent opportunity to gain an understanding of our colleagues' interpretation of us, and ours of them, a good mix of people and departments."
(David Franklin, Ball Packaging Europe, U.K.)

Training program 'Manager Development Program', Bristol-Myers Squibb, London

"A fantastic three days that I will always remember. Jörg made the session very good. He has a wealth of information and his ability to answer questions with very relevant theory really helps."
(Jamel Benkreira, Bristol-Myers Squibb, U.K.)

Training course 'Living and working in Germany', Bayer AG, Leverkusen

"The training was one of the best training courses I ever had. Both theoretical and practical parts were perfectly balanced. It will help me a lot in future. Thank you very much!"
(Shinji Tanaka, Bayer Health Care)

Executive Coaching, Dutch Director of Lufthansa Technik, Hamburg

"Not only did I greatly enjoy working with Dr Keller and the approaches he took, but also the rapid positive effect from the coaching enabled me to also be perceived well in my new position. I got to know Dr Keller as an individual with great experience professionally as well as in intercultural areas due to his experience in the U.S., the Netherlands (my country of birth) and, of course, in Germany. He listens, and on that basis gives support in defining a proper plan of action, not wasting time."
(N.N., Lufthansa Technik)

Training Program 'Performance Management and Strategic Rewards', CTO Communication, Nairobi, Kenya

"Jörg was an excellent presenter. His training approach is very effective and promotes interaction. The practical exercises, the case studies and the work on our own projects gave a lot of insights. His different perspective provides a global dimension. Thank you for the good job!"
(Juma Kandie, Chairman of the Board, Kenya)
